

# Ankit Kapoor

Frontend Developer · 5+ Years Experience

[ankitkapoor0001@gmail.com](mailto:ankitkapoor0001@gmail.com) | +91 7814071717 | Ludhiana, Punjab, India | [linkedin.com/in/ankit-kapoor-ak](https://linkedin.com/in/ankit-kapoor-ak) | [ankitkapoor.in](https://ankitkapoor.in)

## Summary

Frontend Developer with 5+ years of experience building React.js applications, reusable UI components, and responsive web interfaces. Proficient in TypeScript, modern CSS, and Figma-to-code workflows. Skilled in performance optimization, cross-browser compatibility, and delivering production-ready features in Agile teams.

## Experience

### Quess Corp (Deputed at AB InBev)

Frontend Developer

2022 – 2026

Remote

- Developed React.js and TypeScript-based frontend features by integrating REST APIs and handling dynamic data rendering
- Implemented form validations, error handling, and loading states to ensure correct data flow between frontend and backend
- Converted Figma designs into responsive web pages and SharePoint interfaces with consistent UI structure
- Built reusable components and utility functions to maintain consistency and reduce repetitive code across modules
- Created and maintained Outlook-compatible HTML email templates
- Used tools like GitHub Copilot and Codex to speed up development and reduce manual effort
- Mentored junior developers through code reviews and daily support
- Worked on VM-related web interfaces, displaying and managing backend-driven data in the UI

### Infino Digital Agency

Frontend Developer

2021 – 2022

Ludhiana, Punjab

- Delivered 15+ responsive WordPress websites; resolved cross-browser inconsistencies across all projects.
- Introduced reusable UI patterns and documented design standards, increasing team productivity by 20%.

### Fortec Solutions

Web Designer

2020 – 2021

Mohali, Punjab

- Handled full design-to-handoff lifecycle wireframes, user flows, site maps, and final UI delivery.

### Vibhuti Technologies

Jr. Designer

2018 – 2019

Mohali, Punjab

- Redesigned checkout flow to improve user engagement and conversion rates.
