Summary

Frontend Developer with 6+ years of experience building scalable enterprise web applications using React.js, Next.js, TypeScript, and modern JavaScript. Experienced in developing responsive Single Page Applications (SPA), integrating REST APIs, implementing Micro Frontend architectures, and delivering business-critical solutions across global enterprise platforms. Strong expertise in reusable component development, frontend performance optimization, responsive design, CI/CD workflows, and Agile software development. Proven ability to collaborate with cross-functional teams and leverage modern development tools, including AI-assisted coding platforms, to accelerate delivery and improve code quality.

Experience

Quess Corp (Deputed at AB InBev)

2022 – 2026

Frontend Developer

Remote

- Built and maintained enterprise web applications using React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, and REST APIs for multiple global AB InBev platforms, including Procurement, Talent Development, CEO/CFO Dashboard, GrowthU, Social Listening, and Gen-AI initiatives.
- Developed reusable UI components and responsive interfaces from Figma designs, ensuring accessibility, cross-browser compatibility, and a consistent user experience across desktop, tablet, and mobile devices.
- Implemented state management using Redux Toolkit and Context API, integrated REST APIs, and improved application performance through lazy loading, code splitting, and optimized rendering techniques.
- Contributed to Micro Frontend architecture and collaborated with product owners, designers, backend engineers, and QA teams in Agile environments to deliver scalable solutions through CI/CD-driven development workflows.
- Built custom SharePoint intranet websites and responsive HTML email templates for Microsoft Outlook using HTML5, CSS3, Bootstrap, JavaScript, and custom styling, delivering modern user experiences while minimizing reliance on default SharePoint components.
- Mentored junior frontend developers through code reviews, technical guidance, and knowledge-sharing sessions on frontend best practices, responsive design, UI/UX fundamentals, and component-based development.

Infino Digital Agency

2021 – 2022

Frontend Developer

Ludhiana, Punjab

- Developed custom WordPress themes and responsive websites using WordPress CMS, HTML5, CSS3, JavaScript, PHP, and Elementor, tailored to client requirements and business goals.
- Converted Figma and Adobe XD designs into pixel-perfect, mobile-first WordPress websites while ensuring cross-browser compatibility and a consistent user experience across devices.
- Built and customized WordPress themes, page templates, reusable UI components, and plugin functionality to deliver scalable, SEO-friendly web solutions.
- Improved website performance and Core Web Vitals through code optimization, image compression, lazy loading, asset minification, and page speed enhancements.
- Collaborated with designers, QA testers, and project managers to troubleshoot issues, resolve bugs, and maintain high-quality website experiences across multiple screen sizes and browsers.

Fortec Solutions

2020 – 2021

Web Designer

Mohali, Punjab

- Designed and developed responsive websites using HTML5, CSS3, JavaScript, and Bootstrap, ensuring cross-browser compatibility and optimal user experience across devices.
- Created website layouts, wireframes, user flows, and high-fidelity UI mockups in Figma, translating business requirements into intuitive and user-friendly digital experiences.
- Converted design concepts into pixel-perfect frontend interfaces while following responsive design, accessibility, and modern UI/UX best practices.
- Designed website banners, landing page assets, and marketing creatives in Adobe Photoshop, while collaborating with developers and stakeholders to deliver high-quality web solutions.

Vibhuti Technologies

Jr. Associate Designer

2018 - 2019

Mohali, Punjab

- Learned frontend development fundamentals including responsive design, CSS animations, Bootstrap components, and modern web development best practices while contributing to client projects.
- Implemented website layouts and landing pages in WordPress by customizing themes and page structures based on provided designs and project requirements.
- Built responsive web pages using HTML5, CSS3, Bootstrap, and basic JavaScript while ensuring compatibility across different browsers and devices.
- Worked with WordPress CMS to manage content, customize themes, and support ongoing website updates and maintenance activities.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, PHP

Frameworks & Libraries: React.js, Next.js, Redux, Redux Toolkit, Context API, Tailwind CSS

Frontend Development: Single Page Applications (SPA), Server-Side Rendering (SSR), Client-Side Rendering (CSR), Responsive Web Design, Mobile-First Development, Cross-Browser Compatibility, Component-Based Architecture, Reusable UI Components, Pixel-Perfect UI Development

WordPress Development: WordPress, Elementor, Custom Theme Development, Theme Customization, Responsive WordPress Development, Figma to WordPress, Performance Optimization, Core Web Vitals

UI/UX Design: Figma, Wireframing, Prototyping, User Flows, Accessibility (WCAG)

API Integration: REST APIs, JSON, Async/Await, Fetch API

Styling: CSS3, SCSS, Custom CSS, Flexbox, CSS Grid, Material UI

Testing: Jest, Unit Testing

Tools: Git, GitHub, GitHub Copilot, Adobe XD, Chrome DevTools, Adobe Photoshop

Methodologies: Agile, Scrum, SDLC, CI/CD, Code Reviews, Version Control

Concepts: Micro Frontend Architecture, Design Systems, Performance Optimization, Core Web Vitals

Education

MBA (IT)

Lovely Professional University

2017 - 2019

Punjab

BCA

PCTE Group of Institutes

2012 - 2015

Punjab

Achievements

- Promoted within AB InBev based on consistent performance, ownership, and contributions to enterprise applications.
- Received Employee of the Month recognition at AB-InBev for exceptional work in UI Design in SharePoint.
- Served as President of the College Technology Club, leading student activities, workshops, and technical events.
